

“Celebrating 25 Years”

Anita St. John

I have been working at Scholze's since May of 1998. My husband Wayne and I live east of Black River Falls with our two labs, Chance and Maze. I love to hunt, fish, garden and spend time with my grandchildren.

While I am at work I can be found running all throughout the store helping with stocking, cashiering and carry-outs, to name just a few things. I am the Garden Center Assistant Manager so from Spring until Fall you will find me outside in our tree lot or in the greenhouse. I have attended many classes and workshops to increase my knowledge of this department. I love all of the people that I get to meet and it's great to see them leave our store satisfied with their purchase.

Thank you for letting our team help you will all your home and gardening projects.
