

"Celebrating 25 Years"

Gary Haskins

I first started working at Scholze's in 1990 as a carpenter and did this for over 14 years. After leaving for a short time I returned in April of 2008 and currently work in the lumber yard as a yardman. I keep very busy unloading and loading trucks, running deliveries and keeping up with the maintenance of buildings and vehicles. My wife of 21 years and I have five children. Three girls and two boys ranging in age from 12 to 32. I like to hunt, fish and do carpentry work. A favorite part of my job at Scholze's is helping our customers figure out what they want and need for their projects. It is great when they come back and tell you that this is a place they know they can get so much great help and knowledge in materials and general hardware. I want to thank our customers for all of their business and friendship!
